GOOD STANDING POLICY

What is ‘Good Standing’?

Good Standing is considered as the ideal level of participation at school that allows all students to engage effectively in their education. At the beginning of each school year students are awarded Good Standing for each subject.

To maintain “Good Standing” students must adhere to the following:
- Attendance/Participation Policy
- Assessment Policy
- Responsible Behaviour Plan

Positive outcomes of Good Standing may lead to recognition of success with Student Awards, academic success, a school reference and work readiness.

Maintaining “GOOD STANDING” requires:

- satisfactory attendance and punctuality.
- active participation in each subject.
- submission of assessment on time.
- the student being responsible for keeping up to date with all class work.

Loss of Good Standing could result in: formal warnings, losing the Senior Badge, losing the opportunity to obtain the Senior Jersey, being withdrawn from school events, parental notification and/or drop of Behaviour level.

Loss of “GOOD STANDING” depends on:

- absences from school. Students are required to catch up the work usually within a week;
- failing to actively participate in learning (including bringing the correct resources);
- non or late submission of draft, test and/or other assessment item;
- failing to catch up on work.

The student’s responsibility:
To maintain Good Standing, it is the student responsibility to see the subject teacher following the non-participation or failure to engage event to “catch-up” on work or submit assessment.
