Tullawong State High School
Soaring to great heights

Humanities Academy

Learning Opportunities

The interests and strengths of the academy members will dictate what programs and opportunities will be offered. Below is a list of possible learning opportunities:

- online courses on a range of Humanities related topics
- possible excursions: related festivals, museums, State Library, university lectures and workshops
- creative writing experiences in the form of: workshops, writers-in-residence programs, writing competitions, online publishing and community memberships, excursions to 'Voices on the Coast Festival' (USC) and the Brisbane Writer's Festival, excursions to relevant plays or films
- community based research and work experience for students interested in public service, leadership and community issues (e.g. Clean Up Australia Day, running charity fundraising events etc.), and volunteer programs
- history: writing competitions (e.g. Simpson Essay writing price), extended individual interest research tasks, Abbey Museum archaeology dig
- public speaking and debating experiences: mooting competitions, debating teams, Rotary & Apex workshops.

Futures

Possibilities for future tertiary degrees and courses in any of the following fields:

- Arts – History, Archaeology, Anthropology, Literature, Philosophy, Fine Arts, Journalism, Law / Justice Studies, Creative Industries (Creative Writing), Education, Social Science (Political Science, Cultural Studies), Psychology, Media Studies
- careers in government, politics, public service and humanitarian endeavours

Expected Outcomes

The culminating task for all participants of the Humanities Academy will be to publish their work, and present a TED Talk outlining their area of interest / work / project from the Academy program.
